

RCO3 IDX Setup

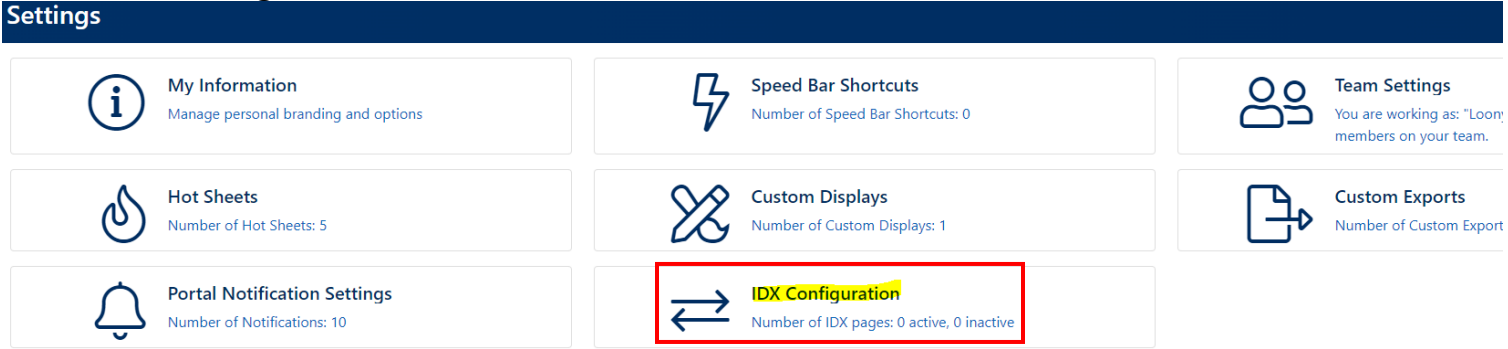

Login to RCO3

In RCO3 go to Settings

Choose IDX Configuration

Select "Create a new IDX page" and name the page

Select the of IDX you would like to display

Search
IDX Type: My Listings
 Map Search
Search Form:

Search will give you a simple criteria search

My Listings will give you options for just your own listings or your office's listings

Map Search will allow a map area to be selected along with property criteria

If using a Map Search, select your map preference

- Do not specify a map area.
- Restrict searches to a specified map area.
- Specify an initial map view. Users are free to search outside this area.

[Set Map Area](#)

If choosing option 2 or 3 above, click Set Map Area to choose your map location

Change Activation to IDX Enabled

- IDX Enabled
- IDX Disabled

Click Save at the bottom of the page

[Back to Settings](#) [Delete](#) [Save](#)

This will populate the HTML field with your iFrame code

HTML: `<iframe src="https://matrix.realcomponline.com/Matrix/public/IDX.aspx?idx=1806f7f" width="100%" height="100%" fran`

If you do not need the entire iFrame code, you can pull out the hyperlink for use by itself

HTML: `<iframe src="https://matrix.realcomponline.com/Matrix/public/IDX.aspx?idx=1806f7f" width=`

If you would like to see what your IDX display will look like click the Preview tab at the top of the page

[Settings](#) [Preview](#)

Your IDX display will appear framed into the center box
