

Using A.I. (Artificial Intelligence) Features in Add Edit

You can now use A.I. (Artificial Intelligence) Features to label your photos, add photo descriptions and help write your Public Remarks.

Photos

1. On the Photos tab in Add Edit, when you click to upload a photo, you will get a disclaimer where you will certify that you have the rights to the photo and select to use A.I. You must check the second box to activate the A.I. features to identify rooms and write brief photo descriptions. Scroll to the bottom of the certification and click Continue.

2. When you select your photo and upload them, the A.I. functionality will provide you with the name of the room and a brief description. You can make any edits to these that you choose.

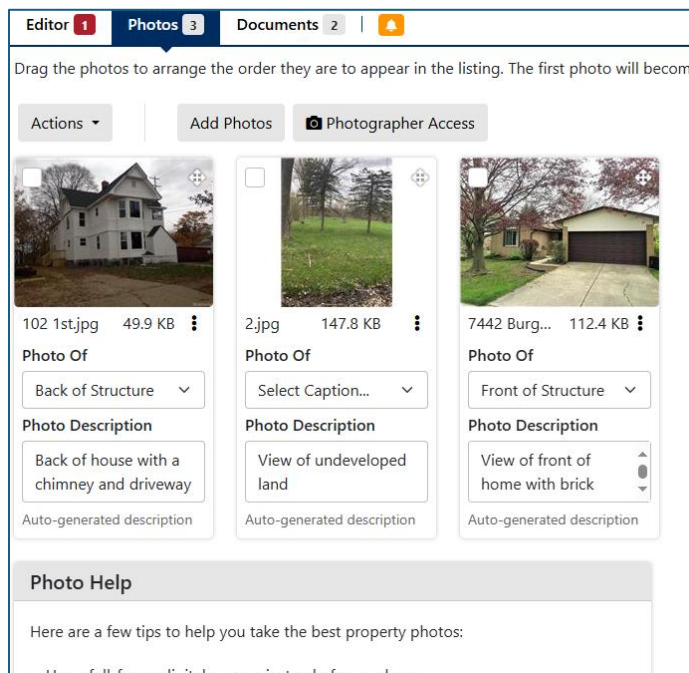

Image Upload Certification ✕

As a photographer or other service provider engaged by a Participant to create Images, I hereby grant to MLO an irrevocable, perpetual, worldwide, non-exclusive, royalty-free, sublicensable and transferable license to use, reproduce, modify, resize, adapt, prepare derivative works of, distribute, and display the Images for any lawful purpose, and to modify, add to, or strip out the metadata contained within the Images.

IF YOU CANNOT CERTIFY THE FOREGOING WITH RESPECT TO ANY IMAGES, DO NOT UPLOAD THAT IMAGE. MLO RESERVES THE RIGHT TO REJECT OR REMOVE IMAGES FOR ANY REASON.

AI CERTIFICATION

I understand that I may optionally use AI-enabled functionality to create AI-generated content. I hereby certify that (i) I understand that AI-generated content may contain errors and that I should review and make any necessary corrections; and (ii) I agree that neither the MLO nor its software and data providers shall have any liability in connection with AI-enabled functionality or any AI-generated content.
